

Mikolaj Cymcyk

Software Developer

A positive, diligent, punctual, and responsible person that always thoroughly enjoys tackling new and demanding challenges and projects and is always ready to learn something new. Very organized possessing excellent communication skills as well as being fluent in English, Icelandic, and Polish with a rudimentary knowledge of Danish and German.

I have many interests, but my main hobbies revolve around cooking delicious food, computers and computer hardware, movies, computer games, and the outdoors.

Education

University of Iceland Computer Science BS	2018 - 2021
Studied Computer Science at the University of Iceland. Completed all 180 ECTS units with a first class grade and graduated February 19th 2022.	
Ísafjörður Gymnasium High School Diploma - Natural Sciences Program	2015 - 2018
Attended the Natural Sciences Program at the Ísafjörður Gymnasium where I received my High school diploma. I started just as the 3 year system got put in place and graduated without problem.	

Job Experience

Rapyd Europe Software Developer	2022 - Now
Software Developer working on payment card Issuing solutions. Developing scalable backend systems for authorizing and clearing Visa and MasterCard card payments. Hired into a massive rewrite of our Visa and MasterCard Authorization systems from COBOL into modern dotnet. Developed and managed various web services and projects against Visa. Currently mainly working on maintaining our authorization systems and web services, a total department wide system modernization and assisting our customers with any issues or questions that arise regarding any of our systems.	
Icelandic Red Cross General Quarantine Hotel Employee	2021 - 2022
Provided care and services to individuals in quarantine and isolation in isolation facilities who couldn't safely quarantine or isolate themselves at their place of residence and those without permanent residence in the country.	
Sæplast Iceland Data Analysis - Summer Intern	2021
Designed, implemented and deployed a system used to log and analyse random production sample data for Sæplast's manufacturing plant in Dalvík.	
Íslenska Flatbakan Pizzabaker, Waiter & Cashier	2019 - 2021
Performed almost all possible tasks; everything from waiting tables, servicing customers and baking pizzas to prepping and cleaning.	
Kópavogur Municipality Work School Team Leader	2019
Was primarily a substitute team leader, took over other team leader's groups when they got sick or went on holiday. While few or no team leaders were unavailable I worked on other projects for the municipality.	

Other Experience

Rapyd Europe Employee Association Chairman	2025 - 2026
Treasurer	2024 - 2025
Vice President	2023 - 2024
Along with my job I acted as the Vice President, Treasurer and later Chairman of the Rapyd Europe Employee Association. In these roles I managed the organizations finances and helped organize events for the company's employees.	
Nörd, Student Association of Computer Science and Software Engineering Students Secretary and Vice President	2021 - 2022
Promotional Representative	2019 - 2021
Was one of the most active members of Nörd, The Computer Science and Software Engineering student society at the University of Iceland. Through the society, I played an active role promoting these educational fields to future students as a Promotional Representative between 2019 and 2021 and served as the Secretary of the organization for the years 2021 to 2022.	
University of Iceland Teachers Assistant - Web Programming 2	2022
Worked as a teachers assistant at the University of Iceland. The job involved teaching consultation sessions and helping students gain a better understanding of the subject.
